### *Cape Town City Tour Half Day*

On a clear day from the summit of Table Mountain you get spectacular views of the City, its Waterfront, Camps Bay, the majestic Hottentots Holland Mountains to the East and the mountains of the Cape Peninsula all the way down to Cape Point to the south.

The Table Mountain cableway, a must for all visitors to the Cape, boasts revolving floors, giving passengers a 360 degree view. After descending the mountain, you will depart on a tour of the “Mother City” taking in Signal Hill – where the Noon Day Gun is fired at midday, every day except Sunday – through the colourful Bo-Kaap or Cape Malay Quarter, past the Grand Parade, City Hall and the Castle of Good Hope and South African Cultural History Museum.

### *District 6*

Apartheid's most infamous removal site.

### *South African Museum*

At the South African Museum, you can see everything from dinosaurs to rock art and fossils to a stuffed quagga, the extinct zebra that once graced Table Mountain. These exhibitions document the evolution of animals and man in Africa. One of the highlights is the Whale Well where you can listen to whale sounds and see a life-size, 20-metre-long skeleton of the planet's largest mammal; the Blue Whale. This is always a crowd-pleaser with the kids.

### *Table Mountain*

Without a doubt it is Table Mountain that makes Cape Town the unique city it is. Rising up over 1000m above sea level, it is the icon that makes Cape Town instantly recognizable. It is a symbol, a playground, a spiritual retreat and a big draw card for tourists. So intertwined with the identity of Cape Town is Table Mountain that a visit to the city isn't complete without having walked or taken the cable car to the top.

### *Table Mountain Cableway*

A trip up Table Mountain is quite rightly one of the first things a tourist wants to do when arriving in Cape Town. Once on the top, a 1000m above the city below, you are rewarded with spectacular 360 views. Take your time and enjoy this unique environment, go for a walk or have a bit to eat at the restaurant with arguably one of the best views possible.

### *Hout Bay Harbour*

Hout Bay's active harbour serves a variety of fishing boats, charter boats and yachts. It is also the departure point for boat trips to the nearby Seal Island, home to a colony of around 6 000 Cape Fur Seals. The bustling port area also has a well-known seafood restaurant and a shop selling fresh fish.

### *Cape Point*

Cape Point is a spectacular sight, covered in endemic fynbos and home to breathtaking bays, beaches and rolling green hills and valleys, just 60km outside of Cape Town. Cape Point falls within the Cape Floral Region, a World Heritage Site. The Cape Floral Region is one of the richest areas for plants in the world – it is home to nearly 20% of Africa's flora. Cape Point is open daily and is a must-see.

### *Boulders Penguin Colony*

The Boulders Visitor Centre is home to the famous colony of Jackass Penguins, so called for their hilarious braying call. This is a truly special experience and Table Mountain National Park staff are knowledgeable and offer guided tours. After you have fallen in love with the penguins head to the secluded Boulders Beach and take a swim in the comparatively warm waters of the False Bay.

### *Kirstenbosch Botanical Gardens*

On the lower slopes of Table Mountain, the beautiful Kirstenbosch Botanical Gardens showcases some of the Cape's rich flora. Taking centre stage here is the unique 'fynbos' vegetation. Those who work up an appetite while exploring this garden paradise can visit the restaurant or tea room, which are fully stocked with delicious meals, yummy treats and refreshing beverages. In summer, Sunday music concerts provide sunset entertainment. Kirstenbosch is rated as the seventh best of its kind in the world.

### *Seal Island Hout Bay*

Trips departing from Hout Bay Harbour ferry passengers across to nearby Duiker Island – also known as Seal Island – where thousands of Cape Fur Seals can be seen in their natural habitat. The boat trip provides beautiful views of the bay, the harbour, The Sentinel and Chapman's Peak.

### *Cape Point Funicular*

The Flying Dutchman funicular takes visitors at Cape Point up to the lighthouse, where there is an outstanding view of the point and ocean. The funicular is named after a ghost ship whose destiny it is to sail the oceans forever. More information can be found at the museum.

#### *Shark Cage Diving with White Shark Ecoventures*

White Shark Ecoventures invites you cage diving with great white sharks in the aptly named "Shark Alley", near the fishing village of Gansbaai, South Africa.

Sharks are quite possibly the world's most feared animals. From the smallest sand shark to the enormous whale shark, they are sleek, muscled, and some are almost as agile as a dolphin. There is no doubt that they are the most evolved predators in the ocean. Row upon row of teeth and capable of sensing the blood of an injured animal from

over a kilometre away, its not surprising that they are the most feared creature beneath the waves. And of them all, the Great White is the most awesome.

What we are offering you is the opportunity to dive and meet a Great White Shark, face to face - and on your own terms. Its an education and you will soon learn that this magnificent creature is in fact, highly misunderstood. It is a creature which should be more respected than feared. And if you spend some quality time with us, and with them, you will quickly learn why.
